

If motorists aren't using FasTrak, they can try one of the new Pay-By-Plate toll payment options: a License Plate Account, a One-Time Payment, or a Toll Invoice. Drivers using FasTrak pay discounted toll rates and with the Pay-By-Plate options, the non-discounted toll rates apply. Learn about how to open a FasTrak Account now at www.bayareafastrak.org/

The Pay-By-Plate options (License Plate Account, One-Time Payment, or Toll Invoice) is the "pay as you go" alternative to FasTrak, where your credit card is charged **ONLY** when you cross the Golden Gate Bridge. Making a One-Time Payment is ideal for those who want to use cash at one of many Cash Payment Locations around the Bay Area.

If you take no action to use FasTrak, License Plate Account, or One-Time Payment, the registered owner of the vehicle is mailed a Toll Invoice (with no added penalties).
