

KINDERCLUB'S TEACHING STAFF

Leena Chung will start this year as our Lead Teacher at Kinderclub. She has worked as a teacher with the Town of Windsor preschool program since 2010. She has a B.A. in photojournalism, art photography, and literature from the University of Missouri-Columbia, and four years of graduate studies at University of Joensuu in Finland. She worked as a photojournalist with various newspapers before becoming a mother. Leena has lived in Windsor for 20 years with her husband and two children. Both of her children attended Kinderclub, and she feels privileged to be a part of this great program as a teacher now. "I love working with preschool-aged children; they are funny, caring, and eager to learn!"

Stephanie Sanchez has been working with the Town of Windsor Preschool staff since 2018. She accepted the assistant teaching position in Kinderclub last school year. She has an Associate Teacher Certificate in Child Development from the Santa Rosa Junior College. Stephanie lives in Santa Rosa with her husband, son, and daughter. She feels privileged to be working for the Town of Windsor Preschool Program and to be part of your children learning experience.

Vanessa Camacho is our newest teacher in Kinderclub, although she has been employed with the Town of Windsor since 2018 in the Parks & Recreation Department. While working for the Town, she has been a camp counselor, a lifeguard, a youth swim lesson instructor, and has coached youth basketball and T-ball. Vanessa is currently enrolled in Early Childhood Development classes at the Santa Rosa Junior College. We are excited Vanessa has joined our teaching team! "Last spring, I started working in Kinderclub and enjoy every second of it. I am so excited for this school year to start!"
