

TOWN OF WINDSOR
RECYCLED WATER FILL STATION PROGRAM
SELF-CERTIFICATION AGREEMENT

_____ (“Participant”).

Print Name

1. I agree to comply with the following recycled water Best Management Practices (“BMP”):
 - Hand-watering methods may be used to distribute recycled water (hose, buckets, watering cans).
 - Or, if recycled water is stored in a tank or other container, the tank must only be connected to dedicated above ground hoses or drip systems to eliminate the potential for potable water contamination. Tanks/containers must not be connected to any existing or future potable water piped irrigation systems, under any circumstance.
 - Watering is not allowed before, during, or immediately following rain events.
 - Watering is not allowed when soil is already saturated. Ponding is not permitted.
 - Recycled water is not permitted to leave your property as runoff or overspray.
 - Prevent recycled water from entering street gutters, storm drains or nearby creeks.
 - Avoid or minimize use of fertilizers, as recycled water has a higher nitrogen content than potable water.
 - Use stored recycled water within a week to avoid odors, bacteria and/or algae growth.
 - Should a spill or improper use of recycled water be identified, immediate notification must be made to the Town at 707-217-8638.

2. I have participated in and completed the Town’s Recycled Water Site Supervisor Training on _____
Date

3. I understand the BMP of the Town’s Recycled Water Fill Station Program and agree to comply with the BMP and to conform to Town requirements for recycled water use at my property. Failure to comply with the BMP of this Agreement, failure to implement required BMP, or the misuse of recycled water may lead the Town to revoke permission for recycled water use in the future.

4. I hereby release, discharge, covenant not to sue, and agree to indemnify and save and hold harmless the Town of Windsor, its employees, agents, volunteers, independent contractors, officers, assigns and successors (releasees) from all liability, claims, demands, losses or damages, sustained by me, caused or alleged to be caused, in whole or in part, by the negligence of the releasees or otherwise, and further agree that if, despite this release, I, or anyone on my behalf makes a claim against any of the releasees named above, I will indemnify, save and hold harmless each of the releasees from any litigation expenses, attorneys’ fees, loss, liability or damage, or any other cost that may occur as the result of such a claim. This indemnification shall survive the termination of this Agreement.

5. I understand that the Town is not responsible for my safety of, my passengers, or the vehicle I elect to transport the recycle water. I acknowledge that I am aware that all vehicles have a maximum load capacity and may not be suited for hauling the additional weight to safely drive the vehicle. I accept full responsibility and acknowledge that my containers are secured, the vehicle is capable of safely transporting the volume of recycled water obtained, and that I will comply with all rules of the road.
